Re: Enable Gas Transmission, LLC
Docket No. RP21-1167-000
Annual Report of Total Penalty Revenue Credits

Dear Ms. Bose:

Enable Gas Transmission, LLC (“EGT”), pursuant to Section 31.3 of the General Terms and Conditions (“GT&C”) of its FERC Gas Tariff, Ninth Revised Volume No.1 (“Tariff”), and Section 154.502 of the regulations of the Federal Energy Regulatory Commission (“Commission”), herewith respectfully submits for filing its Annual Report of Total Penalty Revenue Credits (“Report”) for the Penalty Base Period ending July 31, 2021.

GT&C Section 31.3 requires that EGT annually credit to eligible firm shippers any Total Penalty Revenues recovered or collected during the preceding twelve month Penalty Base Period ending on July 31. As defined in GT&C Section 31.2, Total Penalty Revenues include all specified penalty revenues recovered or collected during the applicable Penalty Base Period, less the penalty costs associated with such Total Penalty Revenues, and specifically excluding any Daily Linked Firm Service Penalty Revenues collected under Rate Schedule FT-2.¹

For the Penalty Base Period ending July 31, 2021, EGT did not recover or collect any Total Penalty Revenues. EGT therefore will not provide any Total Penalty Revenue Credits for such Penalty Base Period.

Additionally, GT&C Section 31.3 requires that EGT annually notify eligible shippers of applicable credit amounts for the preceding Penalty Base Period by November 1. A copy of this Report is being posted on EGT’s website contemporaneously with this filing.

¹ EGT submits a separate report regarding the collection and crediting of these penalty revenues.

EGT requests that all correspondence and communications concerning this filing be sent to each of the following persons and that each be included on the Commission's official service list for this filing:

Lisa Yoho
Senior Director, Regulatory & FERC Compliance
Enable Gas Transmission, LLC
910 Louisiana, Ste.48040, (48th Floor)
Houston, TX 77002
(346) 701-2539
