

INFORMATION DISCLOSURE

Pursuant to § 358.7(a): (1) If a transmission provider discloses non-public transmission function information in a manner contrary to the Standards of Conduct Regulations, the transmission provider must immediately post the information that was disclosed on its Internet Web site, and (2) If a transmission provider discloses, in a manner contrary to the requirements of the Standards of Conduct Regulations, non-public transmission customer information, critical energy infrastructure information (CEII), or any other information that the Commission by law has determined is to be subject to limited dissemination, the transmission provider must immediately post notice on its Web site that the information was disclosed.

There have been no such information disclosures.
