Re: Enable Mississippi River Transmission, LLC
Docket No. RP25-____-000
Compliance with Order No. 587-AA, NAESB Version 4.0

Dear Ms. Reese:

Enable Mississippi River Transmission, LLC ("MRT") submits herewith for filing with the Federal Energy Regulatory Commission ("Commission") the following tariff record to its FERC NGA Gas Tariff, Seventh Revised Volume No. 1, proposed to become effective August 1, 2025.

<u>Version</u>	<u>Description</u>	<u>Title</u>
2.0.0	GT&C Section 2.	NAESB Standards and Internet Web Site

STATEMENT OF THE NATURE REASONS AND BASIS

The purpose of this filing is to comply with Order No. 587-AA, Final Rule issued on November 22, 2024 in Docket No. RM96-1-043, 189 FERC ¶ 61,135 (2024). The Wholesale Gas Quadrant ("WGQ") of the North American Energy Standards Board ("NAESB") promulgated new and revised standards which were adopted by the Commission and incorporated by reference in the Commission's Regulations. The revised tariff section included herewith reflects the NAESB standards in Version 4.0. The Version 4.0 business practice standards replace all of the earlier versions of the business practice standards that were previously incorporated by reference in the Commission's Regulations.

MRT proposes to modify GT&C Section 2 "NAESB Standards and Internet Web Site" to reflect all of the NAESB Version 4.0 gas standards and datasets incorporated by reference in accordance with the recommended format set forth in the Final Rule.

IMPLEMENTATION AND WAIVER REQUESTS

Pursuant to Section 154.7(a)(9) of the Commission's Regulations, FGT requests that the proposed tariff record be accepted effective August 1, 2025, the implementation date of the NAESB Version 4.0 standards in accordance with Order No. 587-AA.

CONTENTS OF THE FILING

This filing is made in electronic format in compliance with Section 154.4 of the Commission's Regulations. In addition to the proposed tariff records in RTF format with metadata attached, the XML filing package contains:

- A transmittal letter in PDF format;
- A clean copy of the proposed tariff record in PDF format;
- A marked version of the proposed tariff changes in PDF format; and
- A copy of the complete filing in PDF format for publishing in eLibrary

GENERAL TERMS AND CONDITIONS

2. NAESB STANDARDS AND INTERNET WEB SITE

- 2.1 MRT will maintain an interactive Internet web site, which will contain information relevant to the availability of the services provided under this tariff, in the manner and level of detail required by the Commission's regulations. MRT shall provide for electronic communication with its customers in compliance with NAESB Standards, and also shall provide for such electronic communication with third parties that are not Customers and are authorized to act on behalf of Customers or others interconnected with MRT's system on a basis that is not unduly discriminatory. MRT specifically shall allow such interface using the protocols, data sets, and codes detailed in the NAESB Standards. MRT also may allow non- standard communication, including use of its own Internet web site and use of paper documents pursuant to agreements among MRT, its Customers, authorized agents of Customers or other third parties.
- 2.2 MRT will have a user-friendly Internet web site and it will contain the information necessary to assist Customers in fully utilizing MRT's system. All data contained on MRT's Internet web site shall be downloadable and available for any application used by the receiving party. MRT shall have no responsibility for, or liability resulting from, any such downloading or subsequent application of data.
- 2.3 Persons desiring information about the Internet web site may contact a representative of MRT's Customer Service Department.
- 2.4 The Internet web site will be available on a nondiscriminatory basis to any party who has electronic communications equipment compatible with MRT's Internet web site and has received an identifying password from MRT to access certain areas of the Internet web site system.
- 2.5 MRT will post on its Internet web site the information required by the Commission's regulations respecting a particular transportation transaction for ninety (90) days.
- 2.6 MRT will retain daily records of the information displayed on the Internet web site for three (3) years. Such historical data shall be maintained in hard copy and in electronic format and made available to any party desiring copies of the records for a reasonable fee upon written request.
- 2.7 Customers will be required to utilize MRT's Internet web site to request service, and execute and amend Service Agreements, to the extent that MRT's Internet web site has the capability to accommodate such contract execution, unless MRT otherwise agrees or emergency events prevent such electronic communication. MRT will designate on its Internet web site the contracts for which it has electronic execution capability. Prior to entering into any electronic contracts, Customer and MRT will mutually agree in writing to the terms and conditions of the electronic contracting process in an electronic access

agreement, and the electronic contracting process shall be subject to any other requirements of applicable statutes and regulations. Any provisions of the Service Agreement or this tariff requiring that requests, contracts, or amendments thereto, be in writing shall be deemed satisfied when accomplished by such electronic means. Customers and potential Customers, or their authorized agents, who request service, enter into contracts or amendments to contracts, or otherwise use MRT's Internet web site in connection with transportation services, shall be deemed to have agreed and admitted that any employee or other representative permitted by such users to access such services shall have the legal authority to act on behalf of the Customers or potential Customers in performing any functions, and MRT shall be entitled to rely upon the actions of such representatives. Electronic transactions between Customer and MRT shall be binding and enforceable in the same manner and to the same extent as written transactions, and evidence of electronic transactions, if introduced on paper will be admissible to the same extent as other business records originated in written form.

- 2.8 Compliance with 18 CFR, Section 284.12. Transporter has adopted the Business Practices and Electronic Communications Standards, NAESB WGQ Version 4.0, which are required by the Commission in 18 CFR Section 284.12(a), as indicated below. Standards without accompanying identification or notification are incorporated by reference. Standards that are not incorporated by reference are identified along with the tariff record in which they are located. Standards for which waivers or extensions of time have been granted are also identified.

NONE CURRENTLY	NONE CURRENTLY

- 2.9 MRT shall notify Customers of intraday bumps, OFOs and other critical notices (as defined in this tariff) in the manner provided in this tariff unless the Customer has provided MRT with a written request specifying that EDI or Internet e-mail (up to two Internet e-mail addresses) notification be used. Intraday bump notices should indicate whether daily penalties will apply for the gas day for which quantities are reduced.
- 2.10 Emergency Events. The requirements to nominate and implement capacity releases, execute contracts or provide other information electronically set forth in this Tariff shall be inapplicable in an emergency event, which shall be a failure or disruption of Customer's or MRT's electronic communication equipment (including temporary events such as system crashes, outages, or slow response time), Internet, or third party service provider or other similar emergency event which constitutes an event of force majeure as defined in Section 12.1 of these General Terms and Conditions. During such emergency events, Customer shall submit written nominations, implement capacity release transactions in writing, execute contracts in writing, or otherwise provide information in writing. MRT may, on a not unduly discriminatory basis, waive any applicable deadlines and requirements to the extent practicable to accommodate such emergency events.

MARKED VERSION

GENERAL TERMS AND CONDITIONS

2. NAESB STANDARDS AND INTERNET WEB SITE

- 2.1 MRT will maintain an interactive Internet web site, which will contain information relevant to the availability of the services provided under this tariff, in the manner and level of detail required by the Commission's regulations. MRT shall provide for electronic communication with its customers in compliance with NAESB Standards, and also shall provide for such electronic communication with third parties that are not Customers and are authorized to act on behalf of Customers or others interconnected with MRT's system on a basis that is not unduly discriminatory. MRT specifically shall allow such interface using the protocols, data sets, and codes detailed in the NAESB Standards. MRT also may allow non- standard communication, including use of its own Internet web site and use of paper documents pursuant to agreements among MRT, its Customers, authorized agents of Customers or other third parties.
- 2.2 MRT will have a user-friendly Internet web site and it will contain the information necessary to assist Customers in fully utilizing MRT's system. All data contained on MRT's Internet web site shall be downloadable and available for any application used by the receiving party. MRT shall have no responsibility for, or liability resulting from, any such downloading or subsequent application of data.
- 2.3 Persons desiring information about the Internet web site may contact a representative of MRT's Customer Service Department.
- 2.4 The Internet web site will be available on a nondiscriminatory basis to any party who has electronic communications equipment compatible with MRT's Internet web site and has received an identifying password from MRT to access certain areas of the Internet web site system.
- 2.5 MRT will post on its Internet web site the information required by the Commission's regulations respecting a particular transportation transaction for ninety (90) days.
- 2.6 MRT will retain daily records of the information displayed on the Internet web site for three (3) years. Such historical data shall be maintained in hard copy and in electronic format and made available to any party desiring copies of the records for a reasonable fee upon written request.
- 2.7 Customers will be required to utilize MRT's Internet web site to request service, and execute and amend Service Agreements, to the extent that MRT's Internet web site has the capability to accommodate such contract execution, unless MRT otherwise agrees or emergency events prevent such electronic communication. MRT will designate on its Internet web site the contracts for which it has electronic execution capability. Prior to entering into any electronic contracts, Customer and MRT will mutually agree in writing to the terms and conditions of the electronic contracting process in an electronic access

agreement, and the electronic contracting process shall be subject to any other requirements of applicable statutes and regulations. Any provisions of the Service Agreement or this tariff requiring that requests, contracts, or amendments thereto, be in writing shall be deemed satisfied when accomplished by such electronic means. Customers and potential Customers, or their authorized agents, who request service, enter into contracts or amendments to contracts, or otherwise use MRT's Internet web site in connection with transportation services, shall be deemed to have agreed and admitted that any employee or other representative permitted by such users to access such services shall have the legal authority to act on behalf of the Customers or potential Customers in performing any functions, and MRT shall be entitled to rely upon the actions of such representatives. Electronic transactions between Customer and MRT shall be binding and enforceable in the same manner and to the same extent as written transactions, and evidence of electronic transactions, if introduced on paper will be admissible to the same extent as other business records originated in written form.

- 2.8 Compliance with 18 CFR, Section 284.12. Transporter has adopted the Business Practices and Electronic Communications Standards, NAESB WGQ Version [3-24.0](#), which are required by the Commission in 18 CFR Section 284.12(a), as indicated below. Standards without accompanying identification or notification are incorporated by reference. Standards that are not incorporated by reference are identified along with the tariff record in which they are located. Standards for which waivers or extensions of time have been granted are also identified.

- 2.9MRT shall notify Customers of intraday bumps, OFOs and other critical notices (as defined in this tariff) in the manner provided in this tariff unless the Customer has provided MRT with a written request specifying that EDI or Internet e-mail (up to two Internet e-mail addresses) notification be used. Intraday bump notices should indicate whether daily penalties will apply for the gas day for which quantities are reduced.
- 2.10Emergency Events. The requirements to nominate and implement capacity releases, execute contracts or provide other information electronically set forth in this Tariff shall be inapplicable in an emergency event, which shall be a failure or disruption of Customer's or MRT's electronic communication equipment (including temporary events such as system crashes, outages, or slow response time), Internet, or third party service provider or other similar emergency event which constitutes an event of force majeure as defined in Section 12.1 of these General Terms and Conditions. During such emergency events, Customer shall submit written nominations, implement capacity release transactions in writing, execute contracts in writing, or otherwise provide information in writing. MRT may, on a not unduly discriminatory basis, waive any applicable deadlines and requirements to the extent practicable to accommodate such emergency events.
