

This Operational Alert is being issued pursuant to Section 20, GT&C, of EGT's Tariff to notify shippers of planned maintenance at EGT's Allen Compressor Station located in Hughes County, Oklahoma and in EGT's West 2 Pooling Area. The maintenance will begin April 17<sup>th</sup>, 2024, with an anticipated completion date of April 20<sup>th</sup>, 2024.

Based on nominations through Allen Compressor, EGT anticipates firm shippers may be scheduled to approximately **87%** of MRO quantities for **Wednesday, April 17<sup>th</sup>, 2024**. As referenced in EGT Critical Notice #5573 (Line AD Pigging), firm shippers may be scheduled to approximately **80-90%** of MRO quantities on **Thursday, April 18<sup>th</sup>, 2024** and **Friday, April 19<sup>th</sup>, 2024**.

Unforeseen issues, including, but not limited to, nominations, weather conditions, storage needs, etc., may result in scheduling reductions. In the event that unforeseen issues do occur, EGT will evaluate nominations, on a case by case basis, based on daily operations to alleviate impacts to the extent possible. During this planned maintenance, shippers should nominate from their contractual MRO location to reduce risk of scheduling reductions. Should any of the details of this posting change, EGT will notify its shippers and update this notice accordingly.

EGT will schedule nominations, if needed, on each impacted day in accordance with its tariff. This alert will remain in effect until the completion of the maintenance.

If you have any questions concerning this alert, please contact your Scheduling Representative.
