Notices or Major Changes r more detailed information on the Notices, please see our website: https://pipelines.energytransfer.com/ipost/EGT								
Notice No.	Type							
6054	Critical		Subject Start End Balancing OA 6/12/2025 TBD			TBD		
Note: Due to operational restricti MP. 898401 Sesh FM-65 Core, MI							2 TGT DV	
lote: EGT has limited displacement capacity from West 1, West 2, Neutral (Flex), North, and South points. Displacement capacity will be evaluated on a day-to-day basis. lote: Due to high utilization, EGT has limited capacity for IT and Secondary services from West 1, West 2, Neutral (Flex) and North Pools to The Perryville Hub and other South Pool deliveries. hippers should nominate in accordance with their contractual rights.								
simppers should norminate in acco	dance with their contractual i	ignts.	FGT Estim	ated Available Cap	acity (DTH)			
Based on current conditions, EGT	estimates that the following incr	remental firm and/or inte				cified above		
iowever, conditions are likely to change, resulting in less or more of such capacity actually being available. In the event that, prior to the applicable nomination deadline, EGT becomes aware that significantly more apacity may be available for the time period specified above, EGT will revise this posting. The actual amount of capacity available at any point will depend on the exact location of the receipt and delivery points nominated by the requesting shipper, as well as current system-wide operations and receipts and deliveries at other locations.
