

Enable Gas Transmission, LLC (EGT) hereby notifies its Shippers that EGT's affiliate, Fayetteville Express Pipeline LLC (FEP), has posted a non-binding open season for potential system modifications and transportation service opportunities on its interstate pipeline system. FEP's project is designed to include a new delivery point into EGT capable of delivering up to 200,000 Dth/d into EGT's North Pooling Area.

Additional information is available on FEP's EBB at the following link: [Notice ID 119984](#)
