

This Operational Alert is being issued pursuant to Section 20, GT&C, of EGT's Tariff notify all parties of unplanned maintenance on EGT's Chandler Compressor Station, located in EGT's Neutral (Flex) Pooling Area, in Latimer County, Oklahoma.

This unplanned maintenance will commence Friday, September 19<sup>th</sup>, 2025, and continue until further notice. Based on current nominations, EGT expects impacts to both Secondary FT and EFT services.

- The maximum capacity through EGT's Chandler Compressor Station will be limited to 700,000 dth.
- Secondary FT and IT services from West 1, West 2, Neutral (Flex) or North Pooling Areas to South or CP Deliveries will not be available.
  - Secondary FT and IT Deliveries in the South Pooling Area must be supplied from South Pooling Area receipts.
- EFT services in the North and South Pooling Areas may be limited to a ratable service.

EGT will schedule receipts and deliveries in accordance with EGT's Tariff. This Operational Alert will remain in effect until further notice and will be updated as more information becomes available. If you have any questions concerning this Alert, please contact your Scheduling Representative.
