

New information Posted 1/5/23

Gulf Run has terminated to their Notice of Force Majeure. EGT Notice #5154 is terminated effective immediately.

Previous Information Posted 1/3/23

This Operational Alert is being issued pursuant to GT&C Sections 8 and 20 of EGT's Tariff to inform EGT shippers that Gulf Run Transmission, LLC ("Gulf Run") has issued an Action Alert and a Notice of Force Majeure regarding the impacts of power outages from a tornado to Gulf Run's Vernon Compressor Station, located in Jackson Parish, Louisiana. Gulf Run will be scheduling down through the Vernon compressor. Gulf Run's scheduling activities may impact EGT's ability to schedule volumes through the Vernon Compressor Station under the Capacity Lease EGT holds on Gulf Run.

As more information becomes available, EGT will notify its shippers by updating this posting.
