

This Operational Alert is being issued pursuant to Section 20, GT&C, of EGT's Tariff to notify shippers of planned maintenance at several locations in EGT's South Pooling Area. The maintenance will begin August 8th, 2023, with an anticipated completion date of August 11th, 2023.

In order to ensure safe and efficient operations, EGT will be taking the following actions between August 8th and August 11th, 2023:

- Reduce the balancing tolerance from 1,000 dth to 500 dth.
- EGT will be locking all nominations impacted by the maintenance during the evening cycle of each impacted day.
- EGT will balance receipt and delivery quantities during the Timely Cycle.

The following is a day-to-day breakdown of the impacts:

August 8th, 2023 – Glendale

EGT will not be accepting nominations to MRT @ Glendale (MP:801521).

Primary Firm deliveries to Perryville Hub Points may be scheduled to approximately **57%** of MDO quantity.

This maintenance will impact North to South and South to South nominations. Primary Firm nominations will be impacted, and EGT anticipates there will be no Secondary or Interruptible space available.

Shippers should nominate to their contractual MDO to maintain the highest priority level of service.

August 9th, 2023 – Glendale and Perryville

EGT will not be accepting nominations to MRT @ Glendale (MP:801521).

EGT will not be accepting nominations to MRT PV Core Del (MP:802337).

Primary Firm deliveries to Perryville Hub Points may be scheduled to approximately **28%** of MDO quantity.

This maintenance will impact North to South and South to South nominations. Primary Firm nominations will be impacted, and EGT anticipates there will be no Secondary or Interruptible space available.

Shippers should nominate to their contractual MDO to maintain the highest priority level of service.

August 10th, 2023 – FT-18

Primary Firm deliveries to Perryville Hub Points may be scheduled to approximately **89%** of MDO quantity.

This maintenance will impact North to South and South to South nominations. Primary Firm nominations will be impacted, and EGT anticipates there will be no Secondary or Interruptible space available.

Shippers should nominate to their contractual MDO to maintain the highest priority level of service.

August 11th, 2023 – FT-21 / FM-59

EGT will not be accepting nominations to Tenn 100 Core Del (MP:3087).

EGT will not be accepting nominations to TGT PV Core Del (MP:801532).
