

Enable-Mississippi River Transmission Corporation ("MRT")
Right of First Refusal Posting
June 1, 2023

Pursuant to Section 15.3 (c) of the General Terms and Conditions of MRT's FERC Gas Tariff ("GT&C"), notice is hereby given of the potential availability of firm transportation capacity on MRT's system effective April 1, 2024. The firm transportation capacity consists of 105,388 Dth/day of Southbound Main Line capacity. The primary path associated with this capacity is from the Glendale Field Zone receipt point to the EGT Perryville delivery point.

The award of the firm transportation capacity posted herein is subject to all terms and conditions of MRT's FERC Gas Tariff, as amended from time to time and the existing customer's contractual right of first refusal ("ROFR") under its Rate Schedule FTS pursuant to Section 15 of the GT&C. Consistent with Section 15.5 and 14.3 (a)(vi) of the GT&C, MRT will evaluate and determine the best bid(s) received in accordance with the Commission's regulations and its tariff. Subject to the posting requirements of Section 15.7 of the GT&C and any regulatory requirements, MRT will use a closed-bid process.

Customers desiring to bid on this capacity must submit bids by June 30, 2023 emailing a completed Request Form, which is attached, to Mike.Stoll@energytransfer.com. Bids for capacity which include terms and conditions which are inconsistent with MRT's tariff, the terms and conditions set forth in this posting, or the Request Form provided; and/or are submitted via incomplete or incorrectly completed Request Forms, will not be accepted.

MRT will determine the best bid(s) submitted and will post such best bid(s) on its internet web site or will post that no bids were acceptable. Contingent upon the Bidder meeting MRT's creditworthiness standards as set forth in Section 26 of the GT&C, MRT agrees to waive, on a non-discriminatory basis, Section 15.4(b) of the GT&C, which requires that all valid requests for firm service be accompanied by a prepayment.

This ROFR posting shall remain on MRT's internet web site for a minimum of 30 calendar days. Questions regarding this posting or the bid process should be directed to Mike Stoll at (314) 602-9509.

ENABLE-MISSISSIPPI RIVER TRANSMISSION CORPORATION
REQUEST FORM

Company Name: _____ ("Bidder")

Firm Southbound Main Line Transportation Capacity of 105,388 Dth/day:

Volume: _____ (Dth/day)

Term:

Effective: April 1, 2024 Termination Date: _____

Receipt Point: Glendale Field

Delivery Point(s): EGT-Perryville

Rate: _____

Bidder is willing to accept an award of capacity at a level that is less than the volume requested herein.

___ No ___ Yes If yes, the minimum acceptable volume is: _____Dth

This bid may be withdrawn, revised and/or modified prior to June 30, 2023, at which time it shall be a binding offer, which may not be withdrawn or revised. MRT shall notify Bidder whether the capacity requested herein will be allocated to Bidder. Such notification shall be consistent with the procedures and time deadlines set forth in Section 15 of the General Terms and Conditions of MRT's FERC Gas Tariff ("GT&C"). For purposes of Section 15.6 of the GT&C, the date of the latest revision (prior to June 30, 2023) shall be the date of the bid submission.

If, pursuant to the procedures set forth in Section 15 of the GT&C, the capacity requested herein is awarded to Bidder, Bidder agrees to meet all terms and conditions of MRT's tariff and to execute a service agreement with MRT which is consistent with and incorporates the terms and conditions stated herein.

This request is a binding offer capable of acceptance by MRT at any time after June 30, 2023. This Request Form must be executed by an authorized officer or an individual authorized to bind the Bidder to the request herein.

Capacity awarded by MRT shall be subject to all terms and conditions of MRT's FERC Gas Tariff as amended from time to time and the existing customer's Right of First Refusal.
