All other details of the maintenance remain the same.

Previous Information Posted 8/23/22

This Operational Alert is being issued pursuant to Section 20, GT&C, of EGT's Tariff to notify shippers of planned maintenance at EGT's Amber Compressor Station located in Grady County, Oklahoma and in EGT's West 1 Pooling Area.

This planned maintenance is scheduled to begin **September 26th, 2022** with an anticipated completion date of **September 30th, 2022**.

Based on current nominations, EGT does not anticipate impacts to its primary firm services. However, unforeseen issues, including, but not limited to, nominations, weather conditions, storage needs, etc., may result in scheduling reductions. In the event that unforeseen issues do occur, EGT will evaluate nominations, on a case by case basis, based on daily operations to alleviate impacts to the extent possible. During this planned maintenance, shippers should nominate from their contractual MRO location to reduce risk of scheduling reductions. Should any of the details of this posting change, EGT will notify its shippers and update this notice accordingly.

EGT will schedule nominations, if needed, on each impacted day in accordance with its tariff. This alert will remain in effect until further notice.

If you have any questions concerning this alert, please contact your Customer Solutions Representative.
