

This System Protection Warning (SPW) is being issued by EMRT to notify shippers of unplanned maintenance at EMRT's Unionville Storage Facility located in Lincoln Parish, Louisiana, effective immediately. The unplanned maintenance is expected to last through September 30, 2022.

During this maintenance, firm injections will be limited to 180,000. Firm storage shippers will be limited to 82% of their MDIQ (max daily injection quantity).

- AOR Injections will need to be pre-approved.
- Daily activity resulting in long positions will be prohibited.
- Make up of short positions will need to be approved prior to makeup.

EMRT will schedule nominations to the available capacity in accordance with its Tariff. This System Protection Warning (SPW) will remain in effect until further notice and will be updated as more information becomes available.

If you have any questions concerning this Alert, please contact your Scheduling Representative.
