

New Information Posted July 13th, 2022

The new estimated completion date is July 29th, 2022.

All other details of the maintenance remain the same.

Information Posted on July 8th, 2022

This Operational Alert is being issued pursuant to Section 20, GT&C, of EGT's Tariff to notify all parties of planned maintenance on EGT's **BT-1 Line** located in EGT's North Pooling Area that spans from Logan County to Hot Spring County, Arkansas.

This maintenance will **begin July 11th, 2022** with an **estimated completion date of July 22nd, 2022**.

Primary Firm Non-Ratable services will need to be approved prior to nominating. EGT does not anticipate impacts to its Ratable Primary Firm services. However, nominations, weather conditions, storage needs, etc., may result in scheduling reductions.

In the event that scheduling is necessary, EGT will evaluate nominations, on a case by case basis, based on daily operations to alleviate impacts to the extent possible. During this planned maintenance, shippers should nominate to their contractual MDO location to reduce risk of scheduling reductions.

Should any of the details of this posting change, EGT will notify its shippers and update this notice accordingly.

EGT will schedule nominations, if needed, on each impacted day in accordance with its tariff. This alert will remain in effect until the completion of the maintenance.

If you have any questions concerning this alert, please contact your Scheduling Representative.
